

ARE WE OUTSMARTED?

Are the American people and the Truman Administration being "played for suckers" all around the world?

Has the first serious venture into internationalism on the part of Uncle Sam, in more than a century and a half, already been productive of disasters which will haunt us for generations?

Is the historic American concept that foreign diplomats, and especially those of Europe, are simply too greedy, too treacherous, too lacking in veracity and idealism—is this skepticism already demonstrated to have been correct?

Did the American people make one of the worst mistakes in our history when they chose to disregard the warning of Washington to stay out of "entangling alliances"?

Let's look at some facts—then you answer these questions for yourself:

FACT NO. ONE—For two or three years, the maneuvers of Russia have kept American attention focused on the problems of Europe. Our national leaders have been so excited about this front door issue, that they forgot all about the back door—China.

IN SEIZING CHINA, AS RUSSIA NOW IS DOING, STALIN IS PICKING UP THE GREATEST MILITARY PRIZE IN THE HISTORY OF THE WORLD!

China has a population of five hundred million. She is a vast food producer. She has immense unassayed natural resources. Under a strong government, her people are hardworking, energetic, tractable. And China sits at the Southeastern corner of Asia, dominating the whole South Pacific and the Indian Oceans, with their thousands of important big and little islands.

What other great conqueror—Alexander, Caesar, Khan, Bonaparte or Hitler—ever seized so valuable a prize; and won it for so trivial a cost?

Query: Has the Truman Administration been befuddled and mousetrapped by Stalin, with the European crisis just a phony to screen his real objective—China?

The fact that the moment Stalin feels sure of capturing all China, he suddenly started conceding everything in Europe, is a point of much significance in considering this query.

FACT NO. TWO—The entire two-year strategy in Europe of the Truman Administration was knocked galley-west the day when Russia offered to lift the Berlin blockade virtually on Mr. Truman's own terms.

The Berlin crisis has been the thread on which such divergent schemes were strung as the Truman Plan (direct aid to Greece and Turkey); the Marshall Plan (direct aid to Western Europe); the Atlantic Pact; the rearming of West Europe; and the creation of an independent West Germany.

This whole program is shaken and demoralized by the Russian offer to open up Berlin on whatever conditions we wish—on the understanding, of course, that under the terms of the Potsdam Agreement and many other commitments, Russia must be consulted in the organization of any new German government.

Russia has made this proffer in a way which President Truman cannot refuse to heed. All we have previously demanded now is to be conceded. But think over the impact of this development. If Russia is going to "cooperate" in the case of Berlin, who can dispute that she may be going to "cooperate" in the case of Greece and Turkey; and for that matter, throughout the whole of Europe?

What excuse does the offensive-defensive alliance of the Atlantic Pact have, in that event, for being put into effect? What excuse can Mr. Truman offer to Russia, or to the American people, or to the rest of the world, in that event, for persisting in pouring arms into Europe—if the Russian Bear is going to be on his good behavior?

INDUSTRIES TO AID IN HAULING CLEAN-UP DEBRIS

Trucks and Labor To Be Donated To Dispose of Trash

READ THE SCHEDULE

All Residents Are Urged To Cooperate In The Campaign

Local industries are lending very practical support to the Clean Up—Paint Up—Fix Up campaign. Certain types of debris are not collected by the trash collector as they are not included in his contract with the borough. These materials include earth, sand, lumber, bricks, and plaster. The industries have generously agreed to contribute trucks and man power during the campaign to take these things to the borough dump. This service does not include accumulations of materials as the result of building operations. However, in cleaning up yards a certain amount of such materials will be found, especially dirt, stones, and old boards. These the industrialists trucks will cart to the dump.

Clyde Waterman, chairman of Industries, for the drive has worked out a schedule which the industrial trucks will follow as closely as possible beginning Monday. Make a note of collection days for your

BUCKS CO. FEDERATED CLUB WOMEN ELECT MRS. E. W. FISHER, PRESIDENT; HEAR ADDRESS, "SOCIALIZED MEDICINE"

Mrs. William B. Moyer, Retiring President, Presented With A Pin

CHURCHVILLE SESSION

W. F. Irwin, Exec. Sec'y, Phila. Co. Medical Society, Is One of The Speakers

(By Staff Reporter)

CHURCHVILLE, Apr. 30 — Concluding three years as president of Bucks County Federation of Women's Clubs, Mrs. William B. Moyer, Perkasie, yesterday afternoon relinquished the gavel to Mrs. E. Wilmer Fisher, a past president of Morrisville Women's Club. The installation ceremony for the new administration took place at the afternoon meeting of the federation spring sessions, held in historic Churchville Reformed Church, here.

The installation ceremony was conducted by Mrs. Russell Crouthamel, past president of Perkasie Women's Club, in the presence of 155 women from 14 clubs throughout the county. It followed presentation of a past president's pin to Mrs. Moyer by Mrs. A. A. Dansey, Yardley, this being a gift of the federation. Those installed, in addition to Mrs. Fisher, are: Vice presidents—Mrs. William D. Lynch, Southampton, 2nd, Mrs. Lester F. Ransom, Langhorne, 3rd, Miss Joanne Gallagher, Newtown (jr. club representative); recording secretary, Mrs. Martin L. Miller, Perkasie; corresponding secretary, Mrs. Daniel H. Erdman, Quakertown; treasurer, Mrs. Casimir A. Sienkiewicz, Doylestown; directors, Mrs. William W. Fabian, Newtown, Miss Helen Ruff, Warrington, and Mrs. David M. Sheerer, Jr., Bristol. The report of the nominating committee was presented in the morning by Mrs. Philip G. Lewis, Langhorne, with election following immediately.

The main address of the morning was delivered by William F. Irwin, executive secretary, Phila. County Medical Society, his subject being "Socialized Medicine." Dubbing it "one of the most controversial problems facing the government and the people" Mr. Irwin said he preferred to call it "political" or "federal" medicine. The guest speaker, who was introduced by Mrs. William Loughery, Newtown, federation welfare chairman, commented that "demand for some sort of federal plan of medicine is nothing new," various bills having been outlined each year since 1937 for federal system of medical care. "It has been a provocative subject for 12 years, but the momentum from within the structure of the federal government is increasing." He listed as the most outstanding of arguments advanced by proponents of "socialized medicine," shortage of physicians, poor distribution of physicians, and statements that most people cannot afford adequate medical care. "The conclusion reached by proponents is that the only way to solve the problem is for the government to step into medical care and provide such on a broader basis. . . . We of the medical profession hope that the proposed bill introduced at Washington, making available to all on Social Security rolls the services of physicians, dentists, nursing care at home, hospitalization, etc., was outlined in general. Many are of the false impression that such would be free. . . . It is on the surface a very attractive program. But the dollar bill is not entirely removed, for it will have to be paid through additional Social Security funds. . . . Propaganda for this type of medical program is coming from within the government at Washington. Such, if passed, would be administered by the Social Security board, and one of the sponsors is the head of that board."

The proposed bill introduced at Washington, making available to all on Social Security rolls the services of physicians, dentists, nursing care at home, hospitalization, etc., was outlined in general. Many are of the false impression that such would be free. . . . It is on the surface a very attractive program. But the dollar bill is not entirely removed, for it will have to be paid through additional Social Security funds. . . . Propaganda for this type of medical program is coming from within the government at Washington. Such, if passed, would be administered by the Social Security board, and one of the sponsors is the head of that board."

Considering how funds would be raised to cover the costs incurred, Mr. Irwin had this to say: "Proponents won't give any conclusion as to the height of increase. Expectations go up to six, eight and even 12%. . . . If we analyze the bill we find it limits hospital care to 30

days, and type of care is also limited. Certain types of diseases thus are not covered by the plan. . . . Many generalities in the bill raise questions as to what we will get and what we will pay. . . . But remember this, it is not a free program. It is an expensive one."

That physicians are in general opposed to the program was mentioned. "They feel the practice of medicine should be kept free of politics. . . . With forecast of tremendous rush to the doctors' offices if such bill becomes a law, the doctors will be kept busy seeing patients in volume and will not have time to give sufficient attention to those who really need their skill. Likewise, the doctors are skeptical of the people being able to afford such a program and at the same time of keeping the government stable. Such a plan would no doubt add greatly to the federal payroll, adding more to the original cost; and also add considerably to the doctors' paper-work." Political aspects were given consideration. "We feel medicine should be kept free of politics, that it should be continued as a free enterprise. We feel that the federal government does not belong in any form of private enterprise—that of the butcher, baker, lawyer, doctor, or any other."

He added: "We believe that what the people want is all assistance possible, based on personal economy or income—not to have the entire phase taken over by the government." The type of assistance such as given through the "Blue Cross" and similar plans was recommended, the Blue Cross having, according to the speaker, 40,000,000 subscribers. "And 40 million people can't be wrong." He continued: "And there are millions in other similar plans, all operating within the insurance laws in the states under which they are incorporated."

The speaker struck a humorous note when he reminded that such voluntary plans "keep out of the red." "The medical profession asks, demands and requests that these insurance plans be expanded and adopted to include millions more, rather than have the government step in with such plan as proposed. The more and more money we pour into Washington, the more we can expect our needs and luxuries to come only from Washington. Is that a good trend? Is that what democratic Americans want? We believe the trend should be stopped. Let us think this thing through. Let us not admire the pretty package being sold to us by Washington today without examining the contents. Let's ask ourselves—Is this a good thing for Americans to buy?"

The morning program also included: Organ selections, Mrs. Anna W. Upperman; pledge to flag, led by Mrs. William W. Fabian, Newtown; invocation, the Rev. Harold J. Schut, pastor of hostess church, welcome, Mrs. Vincent C. Gorman, president of the hostess group, Southampton Women's Club; response, Mrs. David M. Sheerer, Jr., past president of Travel Club, Bristol; minutes, Mrs. W. Arnold Blythe, Warrington Club; report, corresponding secretary, Mrs. Henry L. Kinsey, Quakertown; treasurer's report, Mrs. Sienkiewicz. Vocal solo during the afternoon, given by Mrs. Joseph F. Miller, were "Spirit of the Vine," "Ave Maria" and "The Lord's Prayer," she being accompanied by Mrs. T. Hering, Morrisville Senior and Junior Women's Clubs, directed by Mrs. Daun E. Nute, sang "Calm as the Night" (Bohm) and "Homing" (Del Riego). Courtesy committee report was by Mrs. Walter W. Ely, of New Hope.

The treasurer informed members that donations from individual clubs, totaling \$325, had been forwarded to the heart campaign fund. Mrs. Fred Martin, Doylestown, stated that the auditing committee had found the treasurer's books in order. That loans to three young women, \$75 in all, are outstanding, was reported from the scholarship chairman, Balance in this fund is given as \$1,625.

Four recommendations made by junior clubs of the county were adopted by the senior federation. Although it was felt by some clubs that the time element at meetings was to be considered in the proposal that each junior club give a report at the senior federation sessions, this recommendation was adopted with the others, suggestion being made that shorter period be allotted each person reporting.

Invitation to meet at Warrington Women's Club on October 28th was accepted. Mrs. Fred W. Alexander, national deputy commander of the American Cancer Society, Inc., and former president of Virginia Federation of Women's Clubs, gave a brief but challenging message in the fight against cancer. She informed that Mrs. Moyer, retiring county president, has assumed the

Two Hundred Laid Off At Kaiser-Fleetwings Here

Two hundred employees of the automotive division of Kaiser-Fleetwings plant here were laid off yesterday due to a strike now said to be in progress at one of the brake supply firms of the Willow Run plant of Kaiser-Frazier.

Ralph L. Collett, works manager here, said that he did not know the exact number of employees to be laid-off nor how long the lay-off would continue.

That physicians are in general opposed to the program was mentioned. "They feel the practice of medicine should be kept free of politics. . . . With forecast of tremendous rush to the doctors' offices if such bill becomes a law, the doctors will be kept busy seeing patients in volume and will not have time to give sufficient attention to those who really need their skill. PHILCO EMPLOYEES MAY GO ON STRIKE

If Agreement is Reached Tonight The Strike May Be Prevented

A PLANT AT CROYDON

According to press dispatches the employees of the Philco Corporation voted last night to go on strike Monday morning for a wage increase and a pension plan.

Union leaders are quoted as saying that picket lines will form at 7 a. m., Monday, at the Philco's main radio plant, B street and Allegheny avenue, the refrigeration factory, Wissahickon and Abbottsford avenues, Philadelphia, and other company properties. Philco has a plant at Croydon.

A work stoppage was voted unanimously by some 3500 members of Local 101, United Electrical, Radio and Machine Workers (CIO), at an overflow meeting in Kensington Labor Lyceum, 2nd street near Cambria, Philadelphia.

"It's not a strike—it's a lockout," Frank Blackenger, president of Local 101, told members at the meeting. He said Philco had refused to extend temporarily a two-year contract expiring at midnight tonight.

LATEST NEWS BULLETINS

Wheel Sheers Off Car; Second Machine Mired

Two automobiles were "incapacitated" along Magnolia road at three o'clock this morning. A broken axle caused a wheel to roll off the car owned by Francis Morse, Orchard avenue, Croydon, who was travelling west on Magnolia road, and the car went into a ditch. Thomas Goodman, Magnolia road, passing (en route east) at the time, attempted to avoid striking the wheel as it rolled across the thoroughfare, and in making a sharp turn his car became mired at the side of the roadway. No one was injured. Bristol Township Chief of Police Joseph Seader investigated.

Aged Penndel Man Seriously Hurt

Penndel—An aged man sustained a severe skull fracture when he was apparently struck by a motor vehicle on the Lincoln highway here, yesterday. The injured man, Herman Hermanson, 71, Madison avenue, was removed to St. Francis Hospital, Trenton, N. J., by Bucks Co. Rescue Squad, Croydon. A local constable, who was standing nearby, is of the opinion Hermanson had gotten off a bus. The constable states that a few minutes later he saw Hermanson hurtling through the air, the only vehicle seen near at the time being a passing truck, which it is claimed did not halt.

Port Authority Legislation En Route to Duff

Harrisburg—Legislation creating the Delaware River Port Authority as a master agency in development of river port facilities today was en route to Gov. James H. Duff.

The Authority, created to replace the present Delaware River Joint Commission with added powers, passed through a series of amendments in both Houses before the measure was approved by conference committee action.

Oxygen Equipment Has Caused Additional Expenses To Squad

On Monday, May 2, the volunteer Bucks County Rescue Squad, which has served the public for the past 17 years with ambulance service for sick or injured and first aid at scene of accidents or drownings, will start its annual door-to-door solicitation for funds.

Proceeds from this drive will be used to maintain three ambulances, which answered 1,303 calls and travelled 51,613 miles last year, and the rescue lighting truck, which is used for fire and rescue work, as well as other equipment, which had to be replaced or increased due to the calls received from doctors, especially for oxygen equipment, which entailed a very large expenditure on 55 oxygen administration cases during 1948, which victims of heart or respiratory ailments required use of oxygen tents for weeks' duration.

Due to the overcrowding of hospitals, the sick and injured required wheel chairs and hospital beds for this treatment at home. This necessitates the use of oxygen tents for weeks' duration.

Nominate Officers For P. T. A. At Laurel Bend

The monthly meeting of Laurel Bend P. T. A. was held Thursday evening on Laurel Bend school house, Jacob Haeblerly presiding.

Mrs. Nelson Simons reported on sessions of the spring assembly of Bucks County Council held at Edgely on April 27th. Herbert Sherman of the playground committee reported that swings have been repaired.

The May meeting will be in the form of a "doggie" roast, with Mrs. Charles Quigley, chairman, Melvin Houser, Nelson Simons, in charge. In conjunction with that, the entertainment will be a square dance. Those in charge will be Mrs. Walter Prickett, Mrs. Fred Douglass, Mr. Haeblerly.

The refreshment committee was reported the following nominees: President, Jacob Haeblerly, Charles Quigley; vice-president, Mrs. Nelson Simons, Mrs. James Booz; secretary, Mrs. Joseph Vattimo, Mrs. Charles Bennett; treasurer, Mrs. Fred Douglass, Mrs. Charles Quigley.

A covered dish dinner held on April 27th in the junior high building was reported by Mrs. Vattimo, chairman.

The refreshments committee was named for the May 27th Kiddie Circus program as follows: Mrs. M. Swede, chairman; Mrs. Quigley and Mrs. Houser.

The annual picnic at Cadwalder Park, Trenton, N. J., was discussed. The committee chosen to help the teachers follows: Mrs. Simons, chairman; Mrs. Bennett, Mrs. Quigley and Mrs. Houser. Parents are welcome to make this trip if they provide their own transportation.

There was a tie for the attendance banner between J. Foley's room and Miss Breslin's room.

Mrs. Bucher asked members to write Representative Charles Smith, Philadelphia County, in favor of House Bill 871 for full stoppage of vehicles behind a halted school bus.

A "white elephant" auction was enjoyed by members. Sandwiches, coffee and tea were served by Mrs. Prickett, Mrs. Douglas, Mr. Haeblerly and Mrs. Bennett.

SPCA TO POSTPONE DRIVE

The Bristol Branch of the Society for Prevention of Cruelty to Animals membership drive has been postponed until a later date due to the Rescue Squad campaign which opens Monday. It is expected to hold a tag day during the membership drive to help raise money to take care of destitute animals.

ECONOMIC MIX-UPS

There are advertisements in the newspapers quoting new low down payments on a variety of articles. The Federal Reserve Board continues to relax credit restrictions to spur buying. The purchaser—if the seller is willing—can now take two years to pay for almost anything, and only in the case of automobiles does he need to pony up one-third as the down payment.

The latest Reserve Board move was taken because the amount of money tied up in installment plan purchases was off during January and February by approximately \$145,000,000. The board obviously feels individuals as well as governments should be deeply in debt.

The action of the board in reducing minimum margin requirements in stock purchases from 75 per cent to 50 per cent has had no appreciable effect on the stock market, so presumably the figure will be dropped to 40 or 35 per cent. In the old days of the uncontrolled stock market it was 20 per cent.

What sticks out like a sore thumb in all this is the bureaucratic itch to regulate. If there is no further need for credit restrictions—and there isn't—why not abolish the power of the Federal Reserve Board to say how much a customer must pay down if he buys a new refrigerator or washing machine, or in how many months he must pay the balance?

The whole idea is more Russian than American anyway.

SOMETHING TO PONDER

Many Americans will sympathize with the motives of Senators McCarran, Cain and O'Connor, who are supporting a bill to keep all subversive aliens out of the United States and get rid of those who are already here.

The measure is aimed at aliens who are communist fellow travelers or communist dupes and who either want to visit this country or are here now and want to stay. Existing laws bar would-be immigrants who advocate overthrow of the government or are affiliated with an organization preaching revolution. Aliens who join such an organization are subject to deportation.

So communist agents cannot become permanent residents if the laws are enforced. They can visit the country, however, and the gates are open to other foreigners.

To deal with them, the McCarran bill would deny visas to any aliens who seek to enter the United States to engage in espionage, sabotage, organize subversive activity, or take part in the work of any organization listed as subversive by the Attorney General. It also would provide for the deportation of any alien connected with such an organization.

The effect of this bill, if enacted, would be to tighten loopholes through which undesirables are now entering this country. Present laws would probably be adequate if conscientiously enforced, but they have not been. That's how the Eislers and similar vermin wormed their way into the country.

Are We Outsmarted?

Continued from Page One

Stalin has trapped Mr. Truman in an impossible position. By agreeing to all American conditions with respect to Berlin, he has forced the President's hand. Mr. Truman cannot refuse to consider the offer. But the moment he resumes negotiations with Russia, on a cross-the-table basis, then the argument that "you can't do business with Russia," on which our foreign policy has been based for the past two years, automatically goes out the window.

To those who face the realities of world geography, it is obvious that Stalin could afford to give up almost anything he holds in Europe, so long as he is able to retain China—and he is far ahead of the game.

FACT NO. THREE—The new shuffle in Europe has swung the leaders of Germany into the most powerful bargaining position it is possible to imagine. And they are ruthlessly exploiting their advantage.

Let anyone who doubts this make a very simple test. Get a copy of the Occupation Statute enacted a couple of weeks ago by the American-British-French representatives in Western Germany (discussed editorially in this column under the title "Plenty of Nothing") and compare it with the interpretation and agreement released a couple of days ago by the American State Department.

The Statute was "tough." The German government was to be a mere puppet, with the Big Three powers holding all basic control over the government. But the agreement as announced commits the Big Three not to invoke any of its authorities, except under extreme emergencies, and to allow the new German government virtually complete autonomy.

Trying frantically to win the Germans over to this scheme of an independent government for West Germany, the Big Three now have gone so far as to stipulate, in effect, that whenever they attempt to overrule or revoke actions of the proposed German government, it will have to be by unanimous action.

This is accomplished by an elaborate "veto" arrangement similar in effect, though not in language, to the veto clause of the United Nations Charter. Any one government's representative can delay action of the occupation powers almost interminably. There's a joker provision which will haunt the supervisors of the German government for many a day, if Russia succeeds in being counted in among them!

Meanwhile, the German leaders are considering the intimations from Russia that Stalin may be willing to arrange for Eastern, or Russia-occupied, Germany to be included into the restored German nation. They are using these rumors to try to drive a still better bargain with Uncle Sam.

IN OTHER WORDS, IN THIS PARTICULAR MATTER, OUR DIPLOMATS HAVE BEEN SO THOROUGHLY OUTMANEUVERED THAT IT IS APPARENTLY THE LEADERS OF DEFEATED AND OCCUPIED GERMANY WHO ARE REALLY WRITING THE TERMS OF THEIR EXPERIMENT IN SELF-GOVERNMENT!

FACT NO. FOUR: As everyone knows, the way by which Russia hopes eventually to conquer the United States is by driving us into national bankruptcy.

In the past four "peace" years we have been maneuvered into spending some fifty billion dollars or more in frantic efforts to keep in-between nations on our side instead of drifting over to the Communists. This new spending is on top of gigantic debts and vast internal expenses, and has meant the postponement of innumerable urgently desired domestic improvements.

This has resulted in a frightful drain upon our economy, at a time when we could ill afford it. There have been profound collateral disturbances—much labor unrest, social stresses, failure to return to normalcy and stability; these have grown largely out of the topheavy "peace" spending.

Moreover, we have geared our military enlargements up to approximately the scale with which the First World War was fought. Billions each year go into rearmament. Our form of government has been warped out of shape by the increasing domination of the military branch.

Necessarily these spending programs have come to dominate our

County Methodist Youth Fellowship will be held in Morrisville Methodist Church.

Monday, the May meeting of the board of trustees; Tuesday, a breakfast in Hollywood program, sponsored by the Brownie Scouts, will be held in the church school room, beginning at 8 p. m. Mr. Charles Rathke will be master of ceremonies; Thursday, 6:30-9 p. m. the Girl Scout Troop meetings; 8 p. m. choir rehearsal.

Friday, 6 p. m., a fellowship supper for new members and their sponsors will be held in the church basement. The women's society will be in charge of preparation and arrangements; Thursday and Friday, the choir will hold a rummage sale at the church beginning at 10 a. m. Thursday.

economy. We are doing business on a "get ready for war" basis. Inflation has been the watchword.

As many national leaders have pointed out, our leaders have been maneuvered into a position where "peace" would be deflationary. As it has been expressed, "an outbreak of peace would be an economic disaster." AND NOW MR. TRUMAN FINDS HIMSELF "THREATENED" WITH PEACE; FINDS STALIN WILLING TO MAKE SO MANY CONCESSIONS IN EUROPE THAT CONTINUED WAR PREPARATIONS ON OUR PART MAY BECOME RANK ABSURDITIES.

This development, it is worth noting, comes at a moment when we already have had enough "disinflation" so that confidence in financial circles has been shaken.

Query: Is this all the result of a deliberate maneuver by Russia to force Mr. Truman to go overboard in rearmament spending—and then "pull the rug" on him by starting a peace offensive that cannot be resisted?

There are some of the facts—you figure the answers!

Today's Quiet Moment

By the Rev. George E. Boswell, S. T. B. Rector, St. James Episcopal Church, Bristol

Almighty God, the strength of all those who put their trust in Thee, we commend Thy blessing upon our nation. Keep us strong and courageous, pure and honest, and grant that we lead other nations to Thee. Hasten the day when all the world will worship Thee. We ask in the name of Jesus Christ. Amen

On Monday evening several members of the literary group of the Travel Club, attended a lecture given by James Mitchner, at George School, Newtown. Mr. Mitchner was formerly a teacher at George School.

HIGH SCHOOL NINE WINS 4TH GAME OF THE SEASON

Scoring fourteen runs in the first, six in the fourth, and nine in the seventh, Bristol High won its fourth consecutive game yesterday afternoon on Memorial Park field, overwhelming St. Francis Vocational School, of Eddington, 29-1.

Nineteen base hits, including triples by Marty Braam and "Bill" Moll, plus 11 walks, and 11 errors enabled the Warriors to tally up their amazing total of markers.

In the first inning, eighteen Bristol batters stepped to the plate and ten delivered safe hits. Ten batters took shots at the ball in the fourth while in the sixth, 12 batters were up.

Of the fifteen players used by Coach Jerry Bloom, every one had at least one run with Moll, Joe Dominick, and Sam Petrizzi counting a trio each.

"Sammy" Petrizzi beat out three bunts down the third base line for base hits for a perfect day with the stick while Joe Pindar had a double and pair of singles in four times up.

While all this hitting was going on, Joe Ashby was handing the St. Francis team goose-eggs. He blanked them with three hits in four innings although he was aided by double-plays in the third and fourth innings.

In the fifth, Dave Muth went in to hurl for the Warriors. He struck out five in three innings but his error aided the visitors to score a run.

Of the five St. Francis hits, "Pete" Machukas had a double and single. Dave Potter pitched the first six innings for St. Francis and his southpaw slants were no puzzle for the Bristol batsmen. Stabinsky finished the game.

CORNWELLS HEIGHTS

Twenty-two were present at the meeting of Girl Scout Troop 46 in the social hall of Cornwells Methodist Church, Thursday evening. The Scouts will entertain their mothers next Thursday. The girls will participate in a roller skating party on May 6th. A discussion on camping activities ensued. Plans are being made for some of the members to take swimming lessons, starting in May.

BENSALEM LOSES TO LANGHORNE BY SCORE OF 8 TO 1

LANGHORNE, Apr. 30.—Bensalem Township lost its second Lower Bucks County League game of the season yesterday afternoon as it bowed to the Langhorne Redskins, 8-1, on Playwicky field.

Coach Marlon VanHorn, of the Owls, used three batters in an effort to stop the Langhorne batsmen. He started "Wait" Fredericks who got off to a shaky start. In the second, Bob Marshall took up the mound burden but he was chased in the sixth and Dallas Jenks finished.

"Charlie" Maurer did the mound toil for Coach "Jim" Egli's minions. He held Bensalem to two safe hits, made by Frank Cantwell and Marshall. Maurer had exceptionally fine control with 12 strikeouts to his credit.

Bensalem's lone marker was scored in the fifth inning with two out. "Al" Bader walked and stole second. He also stole third and scored on Cring's wild toss over the third-sacker's head.

Langhorne jumped on Fredericks for a pair of runs in the initial frame. After Tobias lashed out a hit, Mongillo tripled to left and scored on Cring's safe blow.

It was the sixth inning when Bensalem was doomed. Five Langhorne runs crossed. Hoffman drew a pass. Both Cassidy and Maurer reached base on errors with Hoffman scoring. Mercer doubled to score two more runs. After Reilly went out, Cring hit safely to score Maurer.

Mongillo, who walked, and Cring both crossed home plate on "Army" Fizzano's long hit which was good for three bases.

captaincy for cancer detection campaign in Bucks County. "Early diagnosis" was the watch-word thrown out by Mrs. Alexander. The collection of the day was assigned to the cancer research program.

The beauties of Bowman's Hill Wildflower Preserve and of Pennsylvania Manor were brought to the attention of the gathering, the women being urged to visit these Bucks Co. spots. Mrs. Robbins informed that a brass plate has been secured, suitably inscribed, this to be placed inside the grandfather clock (circa 1680) which the federation presented for the manor house in 1947.

During the afternoon, Mrs. Joseph Large, Jr., of New Hope, reported on activities of junior women's clubs. Enrollment was listed as 525 in 11 clubs, with contributions of \$1026 for welfare work in the past year, and nearly \$500 for educational purposes. Outstanding programs and projects of junior clubs were mentioned.

The program for the day had been outlined by Mrs. Harry T. Neher, Bristol; Mrs. Vincent C. Gorman, Mrs. Percy C. Leedom, Sr., Southampton; Mrs. Horace Mann, Doylestown; Mrs. Philip G. Lewis, Langhorne; and Mrs. Alfred A. Danser, Yardley.

Luncheon was served in the church social hall by women of the church.

Clubs represented were from the following communities: Bristol, Buckingham, Chalfont, Doylestown, Makefield, Langhorne, Morrisville, New Hope, Newtown, Perkasie, Quakertown, Southampton, Warrington, Yardley.

The Travel Club of Bristol was represented at the Bucks County Federation, Women's Clubs, sessions, at Churchville yesterday by the following: Mrs. Frank Lehman, Mrs. A. K. Schindewolf, Mrs. Paul V. Forster, Mrs. Frank S. Weik, Mrs. A. Russell Burton, Mrs. Elwood P. Goslin (president), Mrs. George LaRue, Mrs. R. W. DeLong, Mrs. Robert D. Brooks, Mrs. Albert O. Herman, Miss Elma E. ward. Be sure to put the specified types of trash out early on the right days.

The schedule follows:
Monday, May 2nd, 9th, 16th, and 23rd, Third and Fourth Wards; Tuesday, May 3rd, 10th, 17th, and 24th, First Ward; Wednesday, May 4th, 11th, 18th, and 25th Second Ward; Thursday, May 5th, 12th, 19th, and 26th, Fifth Ward; Friday, May 6th, 13th, 20th, and 27th, Sixth Ward.

Mr. Waterman requests that trash for the special collection be put out in substantial containers, limited in weight to what one man can lift. Single large articles that can be readily picked up need not be in containers.

During the 1948 campaign borough trash collector's work increased twenty five per cent. Before the campaign he carted twenty-four loads of trash per week to the dump. This jumped to thirty loads during the drive. With increasing interest in the Clean Up Campaign, the trash collector will be very busy, fulfilling his contract with the borough. The definition of rubbish from the borough ordinance regulating the collection of ashes and rubbish is quoted for the information of all:

The term "rubbish" means all rubbish from places of residence, and an amount not exceeding 150 pounds from retail store buildings, and will be held to include bottles, mattresses, worn-out furniture, old clothes, old shoes, leather, carpets, broken glass, crockery, tin cans.

ARE WE OUTSMARTED?

Are the American people and the Truman Administration being "played for suckers" all around the world?

Has the first serious venture into internationalism on the part of Uncle Sam, in more than a century and a half, already been productive of disasters which will haunt us for generations?

Is the historic American concept that foreign diplomats, and especially those of Europe, are simply too greedy, too treacherous, too lacking in veracity and idealism—is this skepticism already demonstrated to have been correct?

Did the American people make one of the worst mistakes in our history when they chose to disregard the warning of Washington to stay out of "entangling alliances"?

Let's look at some facts—then you answer these questions for yourself:

FACT NO. ONE.—For two or three years, the maneuvers of Russia have kept American attention focused on the problems of Europe. Our national leaders have been so excited about this front door issue, that they forgot all about the back door—China.

IN SEIZING CHINA, AS RUSSIA NOW IS DOING, STALIN IS PICKING UP THE GREATEST MILITARY PRIZE IN THE HISTORY OF THE WORLD!

China has a population of five hundred million. She is a vast food producer. She has immense unassayed natural resources. Under a strong government, her people are hardworking, energetic, tractable. And China sits at the Southeastern corner of Asia, dominating the whole South Pacific and the Indian Oceans, with their thousands of important big and little islands.

What other great conqueror—Alexander, Caesar, Khan, Bonaparte or Hitler—ever seized so valuable a prize; and won it for so trivial a cost?

Query: Has the Truman Administration been befuddled and mousetrapped by Stalin, with the European crisis just a phony to screen his real objective—China?

The fact that the moment Stalin feels sure of capturing all China, he suddenly started conceding everything in Europe, is a point of much significance in considering this query.

FACT NO. TWO.—The entire two-year strategy in Europe of the Truman Administration was knocked galley-west the day when Russia offered to lift the Berlin blockade virtually on Mr. Truman's own terms.

The Berlin crisis has been the thread on which such divergent schemes were strung as the Truman Plan (direct aid to Greece and Turkey); the Marshall Plan (direct aid to Western Europe); the Atlantic Pact; the rearming of West Europe; and the creation of an independent West Germany.

This whole program is shaken and demoralized by the Russian offer to open up Berlin on whatever conditions we wish—on the understanding, of course, that under the terms of the Potsdam Agreement and many other commitments, Russia must be consulted in the organization of any new German government.

Russia has made this offer in a way which President Truman cannot refuse to heed. All we have previously demanded now is to be conceded. But think over the impact of this development. If Russia is going to "cooperate" in the case of Berlin, who can dispute that she may be going to "cooperate" in the case of Greece and Turkey; and for that matter, throughout the whole of Europe?

What excuse does the offensive-defense alliance of the Atlantic Pact have, in that event, for being put into effect? What excuse can Mr. Truman offer to Russia, or to the American people, or to the rest of the world, in that event, for persisting in pouring arms into Europe—if the Russian Bear is going to be on his good behavior?

Middletown Twp. Woman, Breeder of Dogs, Dies Walton's Condition "As Good As Can Be Expected"

PENNDLE, Apr. 30 — A woman resident of the Lincoln highway, Middletown township, a breeder of dogs, died suddenly yesterday at her home of coronary occlusion. The deceased is Mrs. Amanda Lafferty, 74. Several nieces and nephews survive. Mrs. Lafferty was the daughter of the late Samuel and Mary Epright.

The Rev. N. Herbert Caley, rector of St. James Episcopal Church, Langhorne, will conduct service at the home funeral home, here, at two o'clock on Tuesday. Place of interment will be Ivy Hill Cemetery. Montgomery Co. Friends may call Monday evening.

Mrs. Harry Force, Otter street, has been confined to her home due to illness.

NEWTOWN, Apr. 30 — Condition of Alfred H. Walton, Jr., 26, Summit avenue, who was seriously burned yesterday morning when he contacted a "hot" wire at Emille substation of Philadelphia Electric Co., is "as good as can be expected," his mother stated this morning.

Walton, a Philadelphia Electric Co. employee, is a patient in Abington Hospital, where he is being nursed by his sister, Miss George Walton. The young man, who is married, was burned about the head, face, chest, back and arms. At the time he was burned, Walton was working up in the steel structure which carried high voltage wires at the sub-station.

INDUSTRIES TO AID IN HAULING CLEAN-UP DEBRIS

Trucks and Labor To Be Donated To Dispose of Trash

READ THE SCHEDULE
All Residents Are Urged To Cooperate In The Campaign

Local industries are lending very practical support to the Clean Up—Paint Up—Fix Up campaign. Certain types of debris are not collected by the trash collector as they are not included in his contract with the borough. These materials include earth, sand, lumber, bricks, and plaster. The industries have generously agreed to contribute trucks and man power during the campaign to take these things to the borough dump. This service does not include accumulations of materials as the result of building operations. However, in cleaning up yards a certain amount of such materials will be found, especially dirt, stones, and old boards. These the industrialists trucks will cart to the dump.

Clyde Waterman, chairman of Industries, for the drive has worked out a schedule which the industrial trucks will follow as closely as possible beginning Monday. Make a note of collection days for your

BUCKS CO. FEDERATED CLUB WOMEN ELECT MRS. E. W. FISHER, PRESIDENT; HEAR ADDRESS, "SOCIALIZED MEDICINE"

Mrs. William B. Moyer, Retiring President, Presented With A Pin

CHURCHVILLE SESSION
W. F. Irwin, Exec. Sec'y, Phila. Co. Medical Society, Is One of The Speakers

(By Staff Reporter)
CHURCHVILLE, Apr. 30 — Concluding three years as president of Bucks County Federation of Women's Clubs, Mrs. William B. Moyer, Perkasie, yesterday afternoon relinquished the gavel to Mrs. E. Wilmer Fisher, a past president of Morrisville Women's Club. The installation ceremonies for the new administration took place at the afternoon meeting of the federation spring sessions, held in historic Churchville Reformed Church, here.

The installation ceremony was conducted by Mrs. Russell Crouthamel, past president of Perkasie Women's Club, in the presence of 155 women from 14 clubs throughout the county. It followed presentation of a past president's pin to Mrs. Moyer by Mrs. A. A. Danzer, Yardley, this being a gift of the federation. Those installed, in addition to Mrs. Fisher, are: Vice presidents to Mrs. William D. Lynch, Southampton, 2nd, Mrs. Lester F. Ransom, Langhorne, 3rd, Miss Joanne Gallagher, Newtown (jr. club representative); recording secretary, Mrs. Martin L. Miller, Perkasie; corresponding secretary, Mrs. Daniel H. Erdman, Quakertown; treasurer, Mrs. Casimir A. Sienkiewicz, Doylestown; directors, Mrs. William W. Fabian, Newtown, Miss Helen Ruff, Warrington, and Mrs. David M. Sheerer, Jr., Bristol. The report of the nominating committee was presented in the morning by Mrs. Philip G. Lewis, Langhorne, with election following immediately.

The main address of the morning was delivered by William F. Irwin, executive secretary, Phila. County Medical Society, his subject being "Socialized Medicine." Dubbing it "one of the most controversial problems facing the government and the people" Mr. Irwin said he preferred to call it "political" or "federal" medicine. The guest speaker, who was introduced by Mrs. William Loughery, Newtown, federation welfare chairman, commented that "demand for some sort of federal plan of medicine is nothing new," various bills having been outlined each year since 1937 for federal system of medical care. "It has been a provocative subject for 12 years, but the momentum from within the structure of the federal government is increasing," he listed as the most outstanding of arguments advanced by proponents of "socialized medicine": shortage of physicians, poor distribution of physicians, and statements that most people cannot afford adequate medical care. "The conclusion reached by proponents is that the only way to solve the problem is for the government to step into medical care and provide such on a broader basis. . . . We of the medical profession hope such won't be decided on the basis of statistics. Statistics usually are unsound so far as making conclusions are concerned." At this point he cited figures given by such proponents as "325,000 needless deaths per year," adding that those quoting such figures fail to inform that 40,000 of those deaths are due to accidents. "So statistics can be misleading."

The proposed bill introduced at Washington, making available to all on Social Security rolls the services of physicians, dentists, nursing care at home, hospitalization, etc., was outlined in general. "Many are of the false impression that such would be free. . . . It is on the surface a very attractive program. But the dollar bill is not entirely removed, for it will have to be paid through additional Social Security funds. . . . Propaganda for this type of medical program is coming from within the government at Washington. Such, if passed, would be administered by the Social Security board, and one of the sponsors is the head of that board."

Considering how funds would be raised to cover the costs incurred, Mr. Irwin had this to say: "Proponents of the bill have admitted that present contributions of industry will be increased from one to 2½ per cent, and the increase for each employee will be at least 1½ per cent. And if the employer passes his increase on to the consumer, then the increase to the consumer (the public) will be three per cent instead of 1½ per cent increase. But will the cost remain at 3%? Proponents won't give any conclusion as to the height of increase. Expectations go up to six, eight and even 12% . . . If we analyze the bill we find it limits hospital care to 30

days, and type of care is also limited. Certain types of diseases thus are not covered by the plan. . . . Many generalities in the bill raise questions as to what we will get and what we will pay. . . . But remember this, it is not a free program. It is an expensive one."

That physicians are in general opposed to the program was mentioned. "They feel the practice of medicine should be kept free of politics. . . . With forecast of tremendous rush to the doctors' offices if such bill becomes a law, the doctors will be kept busy seeing patients in volume and will not have time to give sufficient attention to those who really need their skill. Likewise, the doctors are skeptical of the people being able to afford such a program and at the same time of keeping the government stable. Such a plan would no doubt add greatly to the federal payroll, adding more to the original cost; and also add considerably to the doctors' paper-work." Political aspects were given consideration. "We feel medicine should be kept free of politics, that it should be continued as a free enterprise. We feel that the federal government does not belong in any form of private enterprise—that of the butcher, baker, lawyer, doctor, or any other."

He added: "We believe that what the people want is all assistance possible, based on personal economy or income—not to have the entire phase taken over by the government. The type of assistance such as given through the 'Blue Cross' and similar plans was recommended, the Blue Cross having, according to the speaker, 40,000,000 subscribers. "And 40 million people can't be wrong." He continued: "And there are millions in other similar plans, all operating within the insurance laws in the states under which they are incorporated."

The speaker struck a humorous note when he reminded that such voluntary plans "keep out of the red." "The medical profession asks, demands and requests that these insurance plans be expanded and adopted to include millions more, rather than have the government step in with such plan as proposed. The more and more money we pour into Washington, the more we can expect our needs and luxuries to come only from Washington. Is that a good trend? Is that what democratic Americans want? We believe the trend should be stopped. Let us think this thing through. Let us not admire the pretty package being sold to us by Washington today without examining the contents. Let's ask ourselves—Is this a good thing for Americans to buy?"

The morning program also included: Organ selections, Mrs. Anna W. Upperman; pledge to flag, led by Mrs. William W. Fabian, Newtown; invocation, the Rev. Harold J. Schut, pastor of hostess church; welcome, Mrs. Vincent C. Gorman, president of the hostess group, Southampton Women's Club; response, Mrs. David M. Sheerer, Jr., past president of Travel Club, Bristol; minutes, Mrs. W. Arnold Blythe, Warrington Club; report, corresponding secretary, Mrs. Henry L. Kinsey, Quakertown; vocal solo during the afternoon, given by Mrs. Joseph F. Miller, Mrs. "Spirit Divine," "Ave Maria" and "The Lord's Prayer," she being accompanied by Mrs. T. Hering, Morrisville Senior and Junior Women's Clubs, directed by Mrs. Dawn E. Nute, sang "Calm as the Night" (Bohm) and "Homing" (Del Riego). Courtesy committee report was by Mrs. Walter W. Ely, of New Hope.

The treasurer informed members that donations from individual clubs, totalling \$326, had been forwarded to the heart campaign fund. Mrs. Fred Martin, Doylestown, stated that the auditing committee had found the treasurer's books in order. That loans to three young women, \$795 in all, are outstanding, was reported from the scholarship chairman. Balance in this fund is given as \$1,625.

Four recommendations made by junior clubs of the county were adopted by the senior federation. Although it was felt by some clubs that the time element at meetings was to be considered in the proposal that each junior club give a report at the senior federation sessions, this recommendation was adopted with the others, suggestion being made that shorter period be allotted each person reporting.

Invitation to meet at Warrington Women's Club on October 28th was accepted. Mrs. Fred W. Alexander, national deputy commander of the American Cancer Society, Inc., and former president of Virginia Federation of Women's Clubs, gave a brief but challenging message in the fight against cancer. She informed that Mrs. Moyer, retiring county president, has assumed the

PHILCO EMPLOYEES MAY GO ON STRIKE

If Agreement is Reached Tonight The Strike May Be Prevented

A PLANT AT CROYDON

According to press dispatches the employees of the Philco Corporation voted last night to go on strike Monday morning for a wage increase and a pension plan.

Union leaders are quoted as saying that picket lines will form at 7 a. m., Monday, at the Philco's main radio plant, B street and Allegheny avenue, the refrigeration factory, Wissahickon and Abbottsford avenues, Philadelphia, and other company properties. Philco has a plant at Croydon.

A work stoppage was voted unanimously by some 3500 members of Local 101, United Electrical, Radio and Machine Workers (CIO), at an overflow meeting in Kensington Labor Lyceum, 2nd street near Cambria, Philadelphia.

"It's not a strike—it's a lockout," Frank Blackenger, president of Local 101, told members at the meeting. He said Philco had refused to extend temporarily a two-year contract expiring at midnight tonight.

"Cost Accounting In Childhood" Is Subject

ANDALUSIA, Apr. 30 — The Andalusia Parent-Teacher Association members met Monday evening with Mrs. Raymond Vickers presiding. Mrs. Robert Vansant led in prayer. A nominating committee was appointed, with Mrs. Clayton Ashton, chairman, and Mrs. Ruth Henty and Mrs. John Mawby as members.

George Letts, guidance teacher at Collingswood (N. J.) high school, spoke on the theme "Cost Accounting in Childhood."
Mrs. Frances Murphy's first grade won the attendance banner and cash prize. Refreshments were served.

"House-Warming" is Held At Pietrowicz Residence

CORNWELLS HEIGHTS, Apr. 30 — A "house-warming" party was arranged by friends and neighbors of Mrs. Edward Pietrowicz at her newly-built home on Hulmeville road. A bouquet of lilacs was the table centerpiece.

Refreshments were served to: Mrs. Anna Siatkowski and daughters Gloria and Alfreda, Philadelphia; Mr. and Mrs. Frank Siatkowski and children, Hatfield, N. J.; Mrs. Chester Kaspozak, Mrs. William Jacoby, Mrs. John Zundzeck, Mrs. Herman Haensler, Mrs. John Gendix, Mrs. George Gledhill, Mrs. Leon Gratoski, Mrs. R. Zorger and daughter Bernice, Mrs. James Kofer, Edlington; Mrs. Rosa Tomlinson and daughter Alberta, Mrs. Elizabeth Moss, Cornwells Heights.

SQUAD CALLS

The oxygen tent of Bucks Co. Rescue Squad is being used by Mrs. Bowers at her Andalusia home. The squad took baby John Schaefer, Beaver street, to Temple Hospital, Phila., and Walter Crawford, Maple Shade, to University of Penna. Hospital, Phila.

John Gillies, East Circle and Harold Denblaker, McKinley street, spent a few days visiting at Washington, D. C.

Wheel Sheers Off Car; Second Machine Mired

Two automobiles were "incapacitated" along Magnolia road at three o'clock this morning. A broken axle caused a wheel to roll off the car owned by Francis Morse, Orchard avenue, Croydon, who was travelling west on Magnolia road, and the car went into a ditch. Thomas Goodman, Magnolia road, passing (en route east) at the time, attempted to avoid striking the wheel as it rolled across the thoroughfare, and in making a sharp turn his car became mired at the side of the roadway. No one was injured. Bristol Township Chief of Police Joseph Seader investigated.

Aged Pennel Man Seriously Hurt

Pennel—An aged man sustained a severe skull fracture when he was apparently struck by a motor vehicle on the Lincoln highway, here, yesterday. The injured man, Herman Hermanson, 71, Madison avenue, was removed to St. Francis Hospital, Trenton, N. J., by Bucks Co. Rescue Squad, Croydon. A local constable, who was standing nearby, is of the opinion Hermanson had gotten off a bus. The constable states that a few minutes later he saw Hermanson hurtling through the air, the only vehicle seen near at the time being a passing truck, which it is claimed did not halt.

Port Authority Legislation En Route to Duff

Harrisburg—Legislation creating the Delaware River Port Authority as a master agency in development of river port facilities today was en route to Gov. James H. Duff.
The Authority, created to replace the present Delaware River Joint Commission with added powers, passed through a series of amendments in both Houses before the measure was approved by conference committee action.

Oxygen Equipment Has Caused Additional Expenses To Squad

On Monday, May 2, the volunteer Bucks County Rescue Squad, which has served the public for the past 17 years with ambulance service for sick or injured and first aid at scenes of accidents or drownings, will start its annual door-to-door solicitation for funds.

Proceeds from this drive will be used to maintain three ambulances, which answered 1,303 calls and travelled 51,613 miles last year, and the rescue lighting truck, which is used for fire and rescue work, as well as other equipment, which had to be replaced or increased due to the calls received from doctors, especially for oxygen equipment, which entailed a very large expenditure on 55 oxygen administration cases during 1948, which victims of heart or respiratory ailments required use of oxygen tents for weeks' duration.

Due to the overcrowding of hospitals, the sick and injured required wheel chairs and hospital beds for this treatment at home. This necessitates use of oxygen tents for weeks' duration.

Nominate Officers For P. T. A. At Laurel Bend

The monthly meeting of Laurel Bend P. T. A. was held Thursday evening on Laurel Bend school house, Jacob Haeblerly presiding. Mrs. Nelson Simons reported on sessions of the spring assembly of Bucks County Council held at Edgely on April 27th. Herbert Sherman of the playground committee reported that swings have been repaired.

The May meeting will be in the form of a "doggie" roast, with Mrs. Charles Quigley, chairman, Melvin Houser, Nelson Simons, in charge. In conjunction with that, the entertainment will be a square dance. Those in charge will be Mrs. Walter Prickett, Mrs. Fred Douglass, Mr. Haeblerly.

The refreshment committee was posted the following nominees: President, Jacob Haeblerly, Charles Quigley; vice-president, Mrs. Nelson Simons, Mrs. James Booz; secretary, Mrs. Joseph Vattimo, Mrs. Charles Bennett; treasurer, Mrs. Fred Douglass, Mrs. Charles Quigley.

A covered dish dinner held on April 27th in the junior high building was reported by Mrs. Vattimo, chairman.

The refreshments committee was named for the May 27th Kiddie Circus program as follows: Mrs. M. Swede, chairman; Mrs. Quigley and Mrs. Houser.

The annual picnic at Cadwalder Park, Trenton, N. J., was discussed. The committee chosen to help the teachers follows: Mrs. Simons, chairman; Mrs. Bennett, Mrs. Quigley and Mrs. Houser. Parents are welcome to make this trip if they provide their own transportation.

There was a tie for the attendance banner between J. Foley's room and Miss Breslin's room.

Mrs. Bucher asked members to write Representative Charles Smith, Philadelphia County, in favor of House Bill 871 for full stoppage of vehicles behind a halted school bus. A "white elephant" auction was enjoyed by members. Sandwiches, coffee and tea were served by Mrs. Prickett, Mrs. Douglass, Mr. Haeblerly and Mrs. Bennett.

SPCA TO POSTPONE DRIVE

The Bristol Branch of the Society for Prevention of Cruelty to Animals membership drive has been postponed until a later date due to the Rescue Squad campaign which opens Monday. It is expected to hold a tag day during the membership drive to help raise money to take care of destitute animals.

ECONOMIC HINTS
There are advertisements in
the newspapers quoting new low
down payments on a variety of
articles. The Federal Reserve
Board continues to relax credit
restrictions to spur buying. The
purchaser—if the seller is willing
—can now take two years to pay
for almost anything, and only in
the case of automobiles does he
need to pony up one-third as the
down payment.
The latest Reserve Board move
was taken because the amount of
money tied up in installment plan
purchases was off during January
and February by approximately
\$145,000,000. The board obviously
thinks individuals as well as
governments should be deeply in
debt.
The action of the board in re-
ducing minimum margin require-
ments in stock purchases from 75
per cent to 50 per cent has had no
appreciable effect on the stock
market, so presumably the figure
will be dropped to 40 or 35 per
cent. In the old days of the un-
controlled stock market it was 20
per cent.
What sticks out like a sore
thumb in all this is the bureau-
cratic itch to regulate. If there
is no further need for credit re-
strictions—and there isn't—why
not abolish the power of the Fed-
eral Reserve Board to say how
much a customer must pay down
if he buys a new refrigerator or
washing machine, or in how many
months he must pay the balance?
The whole idea is more Rus-
sian than American anyway.

SOMETHING TO PONDER

Many Americans will sympath-
ize with the motives of Senators
McCarran, Cain and O'Connor,
who are supporting a bill to keep
all subversive aliens out of the
United States and get rid of those
who are already here.
The measure is aimed at aliens
who are communist fellow travel-
ers or communist dupes and who
either want to visit this country
or are here now and want to stay.
Existing laws bar would-be immi-
grants who advocate overthrow
of the government or are affiliated
with an organization preaching
revolution. Aliens who join such
an organization are subject to
deportation.
So communist agents cannot
become permanent residents if the
laws are enforced. They can visit
the country, however, and the
gates are open to other foreigners.
To deal with them, the McCar-
ran bill would deny visas to any
aliens who seek to enter the United
States to engage in espionage,
sabotage, organize subversive ac-
tivity, or take part in the work of
any organization listed as subver-
sive by the Attorney General. It
also would provide for the depor-
tation of any alien connected with
such an organization.
The effect of this bill, if enact-
ed, would be to tighten loopholes
through which undesirable agents
are now entering this country. Present
laws would probably be ade-
quate if conscientiously enforced,
but they have not been. That's
how the Eislers and similar ver-
min wormed their way into the
country.

Are We Outsmarted?
Continued from Page One
Stalin has trapped Mr. Truman in an impossible position. By agree-
ing to all American conditions with respect to Berlin, he has forced the
President's hand. Mr. Truman cannot refuse to consider the offer. But
the moment he resumes negotiations with Russia, on a cross-the-table
basis, then the argument that "you can't do business with Russia," on
which our foreign policy has been based for the past two years, auto-
matically goes out the window.
To those who face the realities of world geography, it is obvious
that Stalin could afford to give up almost anything he holds in Europe,
so long as he is able to retain China—and he far ahead of the game.
FACT NO. THREE—The new shuffle in Europe has swung the leaders
of Germany into the most powerful bargaining position it is possible to
imagine. And they are ruthlessly exploiting their advantage.
Let anyone who doubts this make a very simple test. Get a copy of
the Occupation Statute enacted a couple of weeks ago by the American-
British-French representatives in Western Germany (discussed editorially
in this column under the title "Plenty of Nothing") and compare it with
the interpretation and agreement released a couple of days ago by the
American State Department.
The Statute was "tough." The German government was to be a
mere puppet, with the Big Three powers holding all basic control over
the government. But the agreement as announced commits the Big
Three not to invoke any of its authorities, except under extreme emer-
gencies, and to allow the new German government virtually complete
autonomy!
Trying frantically to win the Germans over to this scheme of an
independent government for West Germany, the Big Three now have
gone so far as to stipulate, in effect, that whenever they attempt to over-
rule or revoke actions of the proposed German government, it will have to
be by unanimous action.
This is accomplished by an elaborate "veto" arrangement similar in
effect, though not in language, to the veto clause of the United Nations
Charter. Any one government's representative can delay action of the
occupation powers almost interminably. There's a joker provision which
will haunt the supervisors of the German government for many a day,
if Russia succeeds in being counted in among them!
Meanwhile, the German leaders are considering the intimations
from Russia that Stalin may be willing to arrange for Eastern, or
Russia-occupied, Germany to be included into the restored German
nation. They are using these rumors to try to drive a still better bargain
with Uncle Sam.
IN OTHER WORDS, IN THIS PARTICULAR MATTER, OUR
DIPLOMATS HAVE BEEN SO THOROUGHLY OUTFMANEUVERED
THAT IT IS APPARENTLY THE LEADERS OF DEFEATED AND OCCU-
PIED GERMANY WHO ARE REALLY WRITING THE TERMS OF THEIR
EXPERIMENT IN SELF-GOVERNMENT!
FACT NO. FOUR: As everyone knows, the way by which Russia
hopes eventually to conquer the United States is by driving us into
national bankruptcy.
In the past four "peace" years we have been maneuvered into spend-
ing some fifty billion dollars or more in frantic efforts to keep in-between
nations on our side instead of drifting over to the Communists. This
new spending is on top of gigantic debts and vast internal expenses,
and has meant the postponement of innumerable urgently desired domes-
tic improvements.
This has resulted in a frightful drain upon our economy, at a time
when we could ill afford it. There have been profound collateral dis-
turbances—much labor unrest, social stresses, failure to return to nor-
mality and stability; these have grown largely out of the topheavy
"peace" spending.
Moreover, we have geared our military enlargements up to approxi-
mately the scale with which the First World War was fought. Billions
each year go into rearmament. Our form of government has been warped
out of shape by the increasing domination of the military branch.
Necessarily these spending programs have come to dominate our

HIGH SCHOOL NINE WINS 4TH GAME OF THE SEASON

Scoring fourteen runs in the first, six in the fourth, and nine in the seventh, Bristol High won its fourth consecutive game yesterday afternoon on Memorial Park field, overwhelming St. Francis Vocational School, of Edgington, 29-1.

Nineteen base hits, including triples by Marty Braam and "Bill" Moll, plus 11 walks, and 11 errors enabled the Warriors to tally up their amazing total of markers.

In the first inning, eighteen Bristol batters stepped to the plate and ten delivered safe hits. Ten batters took shots at the ball in the fourth while in the sixth, 12 batters were up.

Of the fifteen players used by Coach Jerry Bloom, every one had at least one run with Moll, Joe Dominick, and Sam Petrizzi counting a trio each.

"Sammy" Petrizzi beat out three bunts down the third base line for base hits for a perfect day with the stick while Joe Pindar had a double and pair of singles in four times up.

While all this hitting was going on, Joe Ashby was handing the St. Francis team goose-eggs. He blanked them with three hits in four innings although he was aided by double-plays in the third and fourth innings.

In the fifth, Dave Muth went in to hurl for the Warriors. He struck out five in three innings but his error aided the visitors to score a run.

Of the five St. Francis hits, "Pete" Machukos had a double and single. Dave Potter pitched the first six innings for St. Francis and his southpaw slants were no puzzle for the Bristol batsmen. Stabinsky finished the game.

CORNWELLS HEIGHTS

Twenty-two were present at the meeting of Girl Scout Troop 46 in the social hall of Cornwells Methodist Church, Thursday evening. The Scouts will entertain their mothers next Thursday. The girls will participate in a roller skating party on May 6th. A discussion on camping activities ensued. Plans are being made for some of the members to take swimming lessons, starting in May.

BENSALEM LOSES TO LANGHORNE BY SCORE OF 8 TO 1

LANGHORNE, Apr. 30—Bensalem Township lost its second Lower Bucks County League game of the season yesterday afternoon as it bowed to the Langhorne Redskins, 8-1, on Playwiche field.

Coach Marlon Vanhorn, of the Owls, used three hurlers in an effort to stop the Langhorne batsmen. He started "Wait" Fredericks who got off to a shaky start. In the second, Bob Marshall took up the mound burden but he was chased in the sixth and Dallas Jenks finished.

"Charlie" Maurer did the mound toil for Coach "Jim" Edli's minions. He held Bensalem to two safe hits, made by Frank Cantwell and Marshall. Maurer had exceptionally fine control with 12 strikeouts to his credit.

Bensalem's lone marker was scored in the fifth inning with two out. "Al" Bader walked and stole second. He also stole third and scored on Cring's wild toss over the third-sacker's head.

Langhorne jumped on Fredericks for a pair of runs in the initial frame. After Tobias lashed out a hit, Mongillo tripled to left and scored on Cring's safe throw.

It was the sixth inning when Bensalem was doomed. Five Langhorne runs crossed. Hoffman drew a pass. Both Cassidy and Maurer reached base on errors with Hoffman scoring. Mercer doubled to score two more runs. After Reilly went out, Cring hit safely to score Maurer.

Mongillo, who walked, and Cring both crossed home plate on "Army" Pizzano's long hit which was good for three bases.

captaincy for cancer detection campaign in Bucks County. "Early diagnosis" was the watch-word thrown out by Mrs. Alexander. The collection of the day was assigned to the cancer research program.

The beauties of Bowman's Hill Wildflower Preserve and of Pennsbury Manor were brought to the attention of the gathering, the women being urged to visit these Bucks Co. spots. Mrs. Robbins informed that a brass plate has been secured, suitably inscribed, this to be placed inside the grandfather clock (circa 1680) which the federation presented for the manor house in 1947.

During the afternoon, Mrs. Joseph Large, Jr., of New Hope, reported on activities of junior women's clubs. Enrollment was listed as 525 in 11 clubs, with contributions of \$1026 for welfare work in the past year, and nearly \$500 for educational purposes. Outstanding programs and projects of junior clubs were mentioned.

The program for the day had been outlined by Mrs. Harry T. Neher, Bristol; Mrs. Vincent C. Gorman, Mrs. Percy C. Leonard, Sr., Southampton; Mrs. Horace Mann, Doylestown; Mrs. Philip G. Lewis, Langhorne; and Mrs. Alfred A. Danzer, Yardley.

Luncheon was served in the church social hall by women of the church.

Clubs represented were from the following communities: Bristol, Buckingham, Chalfont, Doylestown, Makefield, Langhorne, Morrisville, New Hope, Newtown, Perkasie, Quakertown, Southampton, Warrenton, Yardley.

The Travel Club of Bristol was represented at the Bucks County Federation, Women's Clubs, sessions, at Churchville yesterday by the following: Mrs. Frank Lehman, Mrs. A. K. Schindewolf, Mrs. Paul V. Forster, Mrs. Frank S. Weik, Mrs. A. Russell Burton, Mrs. Elwood P. Goslin (president), Mrs. George LaRue, Mrs. R. W. DeLong, Mrs. Robert D. Brooks, Mrs. Albert O. Herman, Miss Elma E. Haefner, Mrs. J. E. Harvison, Mrs. M. A. Harvity, Mrs. David M. Sheerer, Jr.

Industries To Aid In Hauling Clean-Up Debris

ward. Be sure to put the specified types of trash out early on the right days.

The schedule follows:
Monday, May 2nd, 9th, 16th, and 23rd, Third and Fourth Wards;
Tuesday, May 3rd, 10th, 17th, and 24th, First Ward; Wednesday, May 4th, 11th, 18th, and 25th Second Ward; Thursday, May 5th, 12th, 19th, and 26th, Fifth Ward; Friday, May 6th, 13th, 20th, and 27th, Sixth Ward.

Mr. Waterman requests that trash for the special collection be put out in substantial containers, limited in weight to what one man can lift. Single large articles that can be readily picked up need not be in containers.

During the 1948 campaign borough trash collector's work increased twenty five per cent. Before the campaign he carted twenty-four loads of trash per week to the dump. This jumped to thirty loads during the drive. With increasing interest in the Clean Up Campaign, the trash collector will be very busy, fulfilling his contract with the borough. The definition of rubbish from the borough ordinance regulating the collection of ashes and rubbish is quoted for the information of all:

The term "rubbish" means all rubbish from places of residence, and an amount not exceeding 150 pounds from retail store buildings, and will be held to include bottles, mattresses, worn-out furniture, old clothes, old shoes, leather, carpets, broken glass, crockery, tin cans.
